The newest image from Google earth is exactly the same as the older screen shot I posted, same cars, same buildings.....but I think they didn't update to the newest image yet.... My guess there will be at least some other vehicles around.....probably with Chinese writing on it...

Mate Google maps gives the clearest satellite photos but it's the same date as Google Earth and is 8 to 10 months old. I saw a more recent one CAMI put up that showed about an extra 5 or 6 structures on an area in the southern part of the satellite image below that had been cleared even more.

CAMI took that image down and replaced it back with the old image. Either that or I'm going mad. Wouldn't hurt if someone on the ground over there could confirm it one way or the other.

The area at the bottom of the photo where you can see 4 rectangular buildings side by side now has about 9 or 10
